

GA Pet Food Human Rights and Modern Slavery Statement 2026

GA Pet Food is Europe's leading premium dry pet food manufacturer, providing a total solution from new product development to manufacturing, packaging, storage and despatch.

Partnership is what we are about. Unlike other pet food manufacturers, we don't believe in having our own brand; this is because we are in the business to help our Partners become more successful. As a result, we now export to over 50 countries worldwide and work with some of the world's biggest and smallest pet food brands.

Modern slavery is a crime and a gross violation of human rights. It takes various forms, all of which have in common the deprivation of a person's liberty by another in order to exploit them for personal or commercial gain. GA Pet Food is committed to improving our practices to combat slavery and human trafficking. As a family-run business, we want our Partners to be confident that we treat our employees fairly and with respect for their human rights.

GA Pet Food seeks to ensure transparency in the business, consistent with our disclosure obligations under the Modern Slavery Act 2015.

GA Pet Food promotes a culture of open communication, participation and encouragement. We have a dedicated and experienced HR Department that operates an open-door policy to help and support all employees.

GA Pet Food ensures all staff are assessed for their right to work, and our wages and benefits comply with relevant government legislation.

GA Pet Food is committed to conducting our business with honesty and integrity. Whistleblowing is addressed in our employee handbook and is designed to support and protect any employee who wishes to raise a serious concern. Any disclosures made in good faith in relation to modern slavery or human trafficking will be dealt with promptly under the Whistleblowing Policy.

GA Pet Food recognises that it operates within a global supply chain. We expect all our suppliers to adopt the same shared values of trust, integrity and mutual respect, regardless of where they are based. Our vendor approval process encompasses an ethical risk assessment, which assists us in identifying suppliers where the potential for exploitation of labour may be higher.

Should GA Pet Food become aware of any contravention of our ethical values within our supply chain that cannot be reasonably resolved, we will terminate our relationship with that supplier.

This statement, which has been approved by the Board of GA Pet Food Partners Group Limited, is made pursuant to section 54(1) of the Modern Slavery Act 2015 and constitutes our Company's Slavery and Human Trafficking Statement 2026. The scope of the statement covers GA Pet Food Partners Group Limited and all its subsidiary companies, including GA Pet Food Partners Limited and GA Pet Food Partners Milling Limited.

Roger Bracewell. Chairman. GA Pet Food Partners. 16th June 2026.
