Slavery Policy

Modern Slavery Act 2015 Statement

"Odgers Berndtson fully supports the Modern Slavery Act 2015. That said as an executive search consultancy with few external suppliers we do not have significant interaction that can impact external firm's policies. As a business we are proud to pay a national living wage to all our directly employed staff and we direct our suppliers who provide catering, cleaning and other related services to us to do likewise. We carry out thorough due diligence on these supplier and will for any new major contractor or supplier in the future."
