MODERN SLAVERY STATEMENT

Financial Year ending 31 December 2023

Introduction

Stratford City Shopping Centre (No.1) Limited Partnership (the “**Partnership**”) supports the objectives of the United Kingdom’s Modern Slavery Act 2015 (the “**Modern Slavery Act**”); to detect and prevent the crimes of slavery, servitude, forced or compulsory labour, human trafficking and related and equivalent offences (collectively the “**Offences**”). The Partnership supports the related drive to encourage transparency in the supply chains of commercial organisations so that the commission of Offences can be more easily detected and prevented.

This Modern Slavery Statement (the “**Statement**”) relates to the Partnership’s activities for the financial year ended 31 December 2023 (the “**Financial Year**”).

Our business and supply chains

The principal business activity of the Partnership during the financial year ended 31 December 2023 continues to be directly or indirectly acquiring, maintaining and letting property for investment purposes in Westfield Stratford City Shopping Centre. The general partner of the Partnership believes the Partnership will continue these activities for the foreseeable future.

We establish a relationship of trust and integrity with all our suppliers, which is built upon mutually beneficial factors. Our supplier selection and on-boarding procedure includes due diligence of the supplier’s reputation, respect for the law, compliance with health, safety and environmental standards, and references.

Due Diligence Processes For Modern Slavery

As part of our initiative to identify and mitigate risk, we have taken and will continue to take the following steps:

- We only appoint asset managers and development managers for the business of the Partnership who are reputable suppliers of such services and who adhere to the Partnership’s approach on modern slavery. The Partnership’s asset and development manager, Westfield Europe Limited (“**WEL**”) (being a group undertaking of Unibail-Rodamco-Westfield S.E., together comprising the “**URW Group**”), has in place policies and continues to comply with its wider URW Group policies, codes of conduct and practices including the following:
 - The URW Group’s “Code of Ethics”
 - The URW Group’s “Whistleblowing Procedure”
 - WEL’s “Modern Slavery Policy” in the UK
 - WEL’s “Recruitment Policy” in the UK
 - The URW Group’s “Human Rights Policy”
 - The URW Group’s “Responsible Purchasing Charter”
- We are satisfied that WEL’s policies and its URW Group policies are appropriate and necessary for the discharge of its duties as the Partnership’s asset and development manager.
- Further, we are satisfied that WEL’s and the wider URW Group policies contain sufficient steps to deter any breach of such policies. Any failure to comply with such policies will result in disciplinary action up to and including dismissal of any employee or termination of any of the contracts that it has with third parties.

- We are further satisfied that training on anti-modern slavery and human trafficking policies have been undertaken by WEL.
- As asset and development manager for the Partnership, WEL procures, on behalf of the Partnership, other suppliers for the Partnership's business activities. WEL employs a robust procurement process, including in relation to the issues of modern slavery.

Modern Slavery Policy

The Partnership has produced a "Modern Slavery Policy" which includes provisions in respect of the following:

- an overview of the Modern Slavery Act, the Offences and its application to the business;
- outlines the Partnership's expectations of its suppliers with respect to the detection and prevention of the Offences;
- explains the Partnership's commitment to ensuring adequate training; and
- summarises the responsibility for compliance with the policy.

Training

To ensure a high level of understanding of the risks of modern slavery and human trafficking in our supply chains and our business, all our Directors have been briefed on the subject.

Effectiveness Measurement

The Partnership does not employ performance indicators specifically in relation to the detection and prevention of Offences in its business and supply chain, but the Partnership considers that its policies, risk assessment, due diligence, risk management, training and procedures are appropriate and have been and will continue to be effective in detecting and preventing Offences in its business and supply chain. The Partnership keeps all of its policies and procedures under review in order to ensure their effectiveness and will adapt such policies and procedures as necessary to ensure they remain effective as the businesses that the Partnership operates and the supply chains employed by the Partnership in such operation, evolve.
