

Modern Slavery Policy

This policy is made in accordance to section 54(1) of the Modern Slavery Act 2015 (the 'Act') and outlines the steps ODGroup (including ODProjects (Holdings), ODCreate & ODInteriors) have taken as an organisation to assess our operations and supply chains and mitigate any risk of slavery and human trafficking.

Slavery and Human Trafficking is a total infringement on fundamental human rights and so we work with the highest ethical principles in mind, valuing integrity and transparency in everything we do.

Our Business

ODGroup of companies, ODProjects (Holdings), ODCreate & ODInteriors all provide specialist construction skills for all forms of fit-out, refurbishment from project initiation to aftercare.

Our Responsibility

ODGroup understands that empowering employees with information can aid their future actions and judgements therefore we strive to maintain awareness of slavery and human trafficking by training our staff and supply chain in identifying potential risks, protecting whistle-blowers and making our policies available to all.

We are committed to ensuring that there is no modern-day slavery or human trafficking in our supply chains or in any part of our business. This policy statement reflects our commitment to acting ethically and with integrity in all our business relationships and to implementing and enforcing effective systems and controls.

Our Suppliers

We pre-qualify all suppliers or sub-contractors through a series of due diligence checks, relating to company performance, HS&E compliance and references from other customers to establish that they are suitable and place comparable emphasis on ethical business practices.
