Engineering & Geological Software Development

Modern Slavery Statement – 2020:

Introduction

This is our Modern Slavery Statement for the financial year ending 30 September 2019 in accordance with the Modern Slavery Act 2015. Slavery and human trafficking are abuses of a person's rights and freedoms and Petroleum Experts Limited (Petex) is totally opposed to such abuses.

Our Business and Supply Chains

We are a world leading petroleum engineering and geology software development company created with the objective of developing leading software products within the energy sector. We have a zero-tolerance approach to modern slavery across all areas of our organisation, as well as in our supply chains. We aim to ensure that our business operates in an open and transparent way and our approach to tackling modern slavery throughout our supply chains is consistent with our obligations under the UK Modern Slavery Act 2015.

Policies

Our policies promote equality, fair treatment and the health and safety of our employees. We have procedures in place for employees to raise any concerns through the whistle-blowers, harassment, and grievance policies.

Due diligence processes & Risk Assessment

We are committed to ensuring we are not connected to modern slavery in any way. We carry out risk assessments and checks on our suppliers.

Measuring effectiveness

We regularly review our policies and assess our supply chain.

Training

It is important for our employees to be aware of modern slavery and human trafficking and therefore training for staff members will continue.

Improvement plan

We will focus on due diligence in relation to our international suppliers.

Lynn Marshall, Director, Petroleum Experts Limited

This Modern Slavery Statement has been approved by the Board of Directors
