3. Risk Assessment and Due diligence

Quick has identified that a key risk area is the use of suppliers for transportation services. To manage this risk area, suppliers are subject to a due diligence and approval process which includes a requirement for suppliers to sign up, and confirm that they will comply with the Supplier Code of Conduct. As part of the Supplier Code of Conduct, suppliers agree to abstain from the use of forced, indentured, modern forms of slavery, child, or involuntary prison labour. In addition, under the supplier agreements, suppliers agree to comply with applicable laws including those governing social responsibility and equal opportunity.

Breach of the provisions of the Supplier Code of Conduct or ethical standards set out in the supplier agreements allows Quick to terminate the supplier agreement.
