CSC provides specialty administration services to institutional clients, to include corporate administration, trustee, agency, and outsourcing services as well as operating globally as a corporate domain name registrar and reseller of other products and services. CSC does not consider that the services it provides as being in a high-risk category for slavery and human trafficking. That said, CSC will be looking to investigate other areas in its supply processes for any suspected activity which could be deemed to be slavery or human trafficking and will update this statement accordingly. CSC does, however, ensure that it undertakes the following:

- Complies with all national employment legislation in the territories where CSC operates;
- Ensures that correct employment procedures are implemented such that employees have a safe environment in which to work; and
- Operates a notification procedure for employees who consider that their specific wellbeing, or that of CSC, is compromised.

This disclosure was approved by all of the Directors in February 2025.
