

The Pirbright Institute Modern Slavery & Human Trafficking Statement for 2025-2026

1. CONTEXT

This Modern Slavery and Human Trafficking Statement relates to actions and activities for the financial year 2025-2026.

The statement sets down The Pirbright Institute's commitment to preventing slavery and human trafficking in any of our activities. Furthermore, it describes the steps we have put in place to ensure that there is no modern slavery or human trafficking in our own organisation or supply chains. We all have a duty to be alert to risks, however small. Staff, Students and Trustee Directors are expected to report their concerns and management are expected to act upon them.

Modern Slavery encompasses human trafficking, slavery, servitude and forced or compulsory labour as defined by The Slavery and Human Trafficking (Definition of Victim) Regulations 2022.

2. POLICY STATEMENT

Our Organisation

We are a world leading centre of excellence in research and surveillance of virus diseases of farm animals and viruses that spread from animals to humans. We receive strategic funding from UKRI - Biotechnology and Biological Sciences Research Council (BBSRC), and work to enhance capability to contain, control and eliminate these economically and medically important diseases through highly innovative fundamental and applied bioscience.

The Institute employs some 450 staff and research students and hosts visiting scientists, on its campus in Pirbright, Surrey, where investment by BBSRC has resulted in a redevelopment of the site and the construction of a high-level containment facility – the BBSRC National Virology Centre: The Plowright Building and a low-containment facility, The Jenner Building.

The Pirbright Institute is committed to compliance with, and to the principles of, the Modern Slavery Act 2015, and the abolition of modern slavery and human trafficking. We also commit to maintaining a Conflict-of-Interest Policy and Whistleblowing Policy as part of a wider suite of policies in this area, all of which are easily accessible by all the Institute's staff and students; these policies are regularly reviewed by the Trustee Directors.

Our People

Our recruitment and people management processes are designed to ensure that all prospective employees are legally entitled to work in the UK and to safeguard employees and students from any abuse or coercion. We have robust processes to obtain assurance on:

- Right to work – Nationality and Immigration Status (including an entitlement to undertake the work in question)
- Identity – ID Data check (electronic identity authentication - name, address, aliases, links, accounts, etc.)

- Criminal Records – Search for unspent convictions only (Basic Disclosure)
- Employment history check – Confirmation of past 5 years employment (minimum) history / activity.

Furthermore, Pirbright has a rigorous suite of employment policies and provides a confidential Employee Assistance helpline, all of which are designed to support and safeguard our employees.

Training our people

To ensure good understanding of the risks of modern slavery and human trafficking in our Institute and its supply chains, the Institute implemented e-learning training for all staff, students, and Trustee Directors during 2023 with this training now mandatory for all new staff, students and Trustee Directors.

Our Procurement

Pirbright procurement for goods and services is provided by a wide range of suppliers. We are committed to ensuring transparency within our supply chain to ensure that our suppliers share our commitment to tackle modern slavery and human trafficking in a way which is consistent with disclosure obligations under the Modern Slavery Act 2015. We endorse the implementation and promotion of ethical business practices to protect our employees, students and Trustee Directors from abuse and exploitation and expect the same high standards from all our contractors, suppliers, and other partners.

The Pirbright Institute Procurement terms and conditions include a clause stating that the supplier must comply with the Modern Slavery Act 2015, and this is replicated in our Procurement procedures and policy, Tender documents, Request for quotes and Contract documents.

Due Diligence

The Pirbright Institute is committed to ensuring that any third parties we engage with adhere to the highest standard of ethics. During 2023 Pirbright developed a plan to support this statement. This is detailed below together with the progress made against each action.
